

GUEST SPEAKER

AI PowerEd : Responsible AI
: in Schools Summit

GUEST SPEAKER

Kristin Grant
Campus Principal, Horizons College

Kristin is an educator of over 20 years with more than a decade in the Special Assistance School space at Horizons College. Recently stepping into the role of Campus Principal, Kristin is driven by the belief that positive relationships sit at the heart of re-engaging young people in learning.

Kristin views AI as an opportunity to support this work. By streamlining time-consuming tasks and improving access to learning, it can give teachers more breathing space to build trust, connect with students, and strengthen engagement.
