

Queensland Independent Schools SUMMIT

FUTURE GROWTH,
PROPELLING
SCHOOL LEADERS

GUEST SPEAKER

John Chappel

Senior Account Manager – Government & Education,
Canon Australia

John is a seasoned expert in print and document management solutions, with a strong focus on the education sector. With years of hands-on experience, he specialises in helping schools, colleges, and universities streamline their document workflows, manage student records efficiently, and stay compliant with ever-evolving retention and privacy regulations.

Since 2019, John has dedicated his expertise to working with schools and universities across Brisbane, supporting both public and independent institutions. He is highly knowledgeable in areas such as secure student record storage, digitisation of archives, compliance with retention policies, and implementing cost-effective print strategies.

John is committed to helping educators reduce administrative burden, improve data accessibility, and create more sustainable, future-ready campuses through smarter document solutions.
