GUEST SPEAKER

Matt Maynard

**Head of Business Development and Customer Success,
Alliance Business Technologies**

With over 25 years of experience in educational IT, Matt Maynard has built a career at the intersection of technology and learning. He has worked extensively across both tertiary and K-12 education sectors, earning a reputation for delivering high-impact solutions in complex teaching and learning environments.

Matt brings deep technical expertise combined with strong project management skills, enabling him to lead diverse initiatives from concept to completion. His career has progressed from hands-on technical roles to senior leadership positions, where he has managed multidisciplinary technical teams. Known for his strategic thinking and collaborative approach, Matt consistently bridges the gap between IT innovation and educational outcomes.
